

TREATY OF PEACE

WILL CONCLUDE THE JAP-RUSSIAN WAR

DIPLOMATS ARRANGE TERMS

Yesterday's Session of the Peace Conference Resulted in Arranging a Basis on Which a Treaty Will be Made

Portsmouth, N.H., Aug. 30.—The Japanese and Russian peace plenipotentiaries at yesterday's session reached a basis of agreement and made arrangements for the preparation of a Treaty of Peace to conclude the Japanese-Russian war. An armistice will be at once arranged and the armies confronting each other at Vladivostok will rest on their arms until the treaty is signed.

SATO BREAKS THE NEWS

Portsmouth, N.H., Aug. 30.—The official account of this afternoon's meeting of the Peace convention was given by Mr. Sato as follows: "In the afternoon session of August 29, the conference discussed the date of a Treaty of Peace. It has been decided to entrust the drafting of this clause to Privy Councillor Demarzens and M. Dennison, legal adviser of the Foreign Office of Japan, with instructions to finish the work as soon as possible." This statement was issued tonight by Mr. Sato on behalf of the Japanese plenipotentiaries: "The questions of final disposition of the Island of Sakhalin and the reimbursement to Japan of the war expenses have from the first been the issue on which absolute difference of opinion has existed. The difference of opinion upon these points has frequently threatened the existence of the conference, but His Majesty, the Emperor of Japan, responding to the dictates of humanity and civilization, has in a spirit of perfect conciliation and in the interests of peace authorized his plenipotentiaries to waive the question of reimbursement war expenses and has consented to the division of Sakhalin upon terms which are materially acceptable, thus making it possible to bring the important work of the conference to a successful issue."

BRITAIN IS SATISFIED

London, Aug. 30.—General satisfaction is expressed here at the final settlement of peace terms though the morning papers generally agree that the Japanese have conceded too much in the interests of an early peace.

DISTINGUISHED VISITORS COMING

Winnipeg, Aug. 30.—The vice-regal party arrived in Winnipeg last night on the way to attend the inaugural ceremonies of the new provinces at Edmonton and Regina. Among those on board were: Earl and Countess Grey, Lord and Lady Robert Cecil, Sir Wilfrid and Lady Laurier, Sir Guil-

bert Parker, M.P., and Hon. William Patterson.

SLAYER WILL BE PROSECUTED.
Toronto, Aug. 30.—J. J. Foy, Attorney-General, has ordered that proceedings be commenced against Chas. Gow, the slayer of Tommy Hill, near Norwood. Gow is attending the D. R. A. matches at Ottawa.

THOUSANDS OF HOMESEEKERS.

St. Paul, Minn., Aug. 30.—Homeseeers by thousands en route to the lands of Western Canada are pouring through St. Paul on every train westbound. The movement has attained enormous proportions during the past week. The Soo express had five sleepers loaded with families of homeseeers on Monday night, the number of persons carried being in the neighborhood of 300. During the week more than 1000 homeseeers have passed through St. Paul on the Soo line alone. The Northern Pacific and Great Northern also report an extremely heavy movement of homeseeers.

CRICKET

A large attendance at the cricket match yesterday which was won by the Edmonton-Strathcona team by 34 runs, added greatly to the pleasure of the afternoon. Spectators have so many ladies been present and the cricketers are gratified at the interest taken in the game. The players, members and their friends were all invited to tea by the R. N. W. M. P. officers and their lavish hospitality is warmly appreciated by the members of the clubs. The police team met with misfortune, as many as three of their team being run out. For their Slater's bowling and Davis' batting deserve mention, while for Edmonton three men scored over 15. The fielding of Hornby and Judge was conspicuous. The last partnership on each side yielded a large score, that of Davis and Galpin for the Police being productive of 38 runs. It is understood a return match has been arranged for tomorrow with practically the same players.

AGRICULTURAL DISPLAY

The display of agricultural products in Cameron's window is a magnificent one, and is good evidence of the productiveness of the rich soil of this part of the province. The wheat, oats, flax and barley are splendid specimens of grain. The roots are of great excellence and altogether the exhibit is one that will do the province credit. The Alexandria nurseries has an exhibit of flowers in these windows also and will be prepared to supply quantities of cut flowers for the celebration.

This exhibit of agricultural products should be the means of persuading our exhibition association that the Edmonton fair is held at the wrong time of the year. If the first of July was devoted to horse racing alone and an agricultural exhibition held in the autumn it would be a much better arrangement.

RUTHERFORD NOMINATED

Mr. A. C. Rutherford, M.L.A., of the unanimous choice of Strathcona Liberals as candidate for the coming Provincial elections. Delegates from all parts of the constituency to the number of sixty, met last evening in the Douglas block to select a candidate. Mr. Rutherford, was the only name placed before the convention and he was given the unanimous nomination. Mr. Rutherford spoke briefly thanking the delegates for the honor conferred upon him.

The convention was very enthusiastic and no sign of friction or dissension was manifest. The delegates spoke in flattering terms of their candidate and with the utmost confidence of returning him if opposed, by a very large majority.

PRESIDENT MACKENZIE TALKS

Mr. William Mackenzie, president of the Canadian Northern, was interviewed in Winnipeg while en route to Edmonton, where he arrives tomorrow.

"Asked if the visit of the G.T.P. commissioners to the city and their intended interview with himself would likely settle the vexed question of ferrials, Mr. Mackenzie said he knew from the papers that the commissioners were in the city and would be very glad to talk this matter over with them.

"When will the plans be ready to be made public?" was asked.

"Well, you see," the president explained, with a laugh, "we cannot finally decide upon plans until we have settled this union proposal."

"Have you any announcements to make about new lines or branches of railway?"

"No," Mr. Mackenzie replied, "We just go on quietly building railways and saying very little about it. We are now working on the last section of our line to Edmonton and hope to run a train into that town some time about the end of October or beginning of November."

"Are any extra measures being taken to facilitate the handling of the big wheat crop this year?"

"We are here," Mr. Mackenzie said, "to do the best we can. All we can do is to get as many engines and as many cars as possible and keep them going. That's the only method we know of for tackling a big crop."

"Is there any likelihood of the building of a road to Hudson's Bay becoming a live question among railway builders in anything like the near future?"

"The Hudson's Bay railway—that's an old story," Mr. Mackenzie replied. "It will come some day. I would be glad to see a road built through to the bay."

Questioned with regard to the rumor that Earl Grey would take a trip out there, the Canadian Northern Mr. Mackenzie said that some time ago Earl Grey expressed to him a desire to see the new country along the Canadian Northern, but so far as he knew no definite date had as yet been set or arrangement made.

LOCAL

—Medicine Hat, Assn., Aug. 26.—The Liberal convention for the Medicine Hat electoral district for the Province of Alberta held here today, unanimously selected W. T. Finlay, the present representative in the Territorial Legislature for the approaching Provincial elections.

—Lethbridge News: The Northwest Government, thank heaven, is going to be snuffed out before it has a chance to issue another crop bulletin. The one they issued in June was so badly off its base that it was useless—nay, it was worse than useless because it so grossly underestimated the crop acreage of Southern Alberta as to be a positive detriment to this part of the country. And this week along comes another brave guess which is even worse than the first. Fancy them saying that the total acreage of spring and fall wheat in the Cardston, Macleod, Pincher Creek and Lethbridge districts combined only amounts to 33,211 acres. Great Scott! E. E. Thompson, of Spring Coulee, has 15,000 acres himself and he is only one of the many large grain growers of Southern Alberta, not to mention the numerous smaller ones. It is safe to say that if the Regina guess was doubled, it would still be below the mark.

—The Frank Paper: Last Saturday another fatal accident took place in the Frank mine by which two miners were ushered into eternity without warning. The two victims of this fatality, Wm. Kumsersky and John Kumsersky, were working in the No. 2 breast and had fired a round of shots and after waiting what they considered a sufficient length of time returned to the place. Just as they reached the breast a fall of coal occurred which caught both of them completely burying Kumsersky and partly burying Kumsersky up. A miner named Nelson came to the imprisoned men's rescue, but while he was endeavoring to get them out another fall of coal occurred and buried both completely. Help was summoned and they were both dug out, but not until life was extinct. Dr. Macdonald was on hand and tried to resuscitate the victims, but all of his efforts proved abortive.

—Regina Standard: The work of pushing the C. N. R. line from Hartney to Regina, is being pushed forward with all possible dispatch. Instead of coming straight to this city the line was put to a point five miles south of Virden. From there construction was started the other day by a firm of contractors who are to lay 25 miles of steel. This will complete the line to the boundary of Manitoba, and the next move will be into the province of Saskatchewan and on to Regina, its capital. The new line is to parallel the Wolsley-Reston branch, and will be a great boon to the farmers along the route. The country along its course is rapidly being taken up and new towns are constantly springing up. The intention of the company of which Mr. Mackenzie is head, is to run the line into Regina as soon as possible, it is hoped that the steel will be laid in time to help carry out next year's crop.

—The following regulations have been adopted with respect to the Northwest Territories: "Speckled trout and brook trout of every kind including chad shall not be fished for, caught, killed, bought, sold or had in possession between the 31st day of October and the 1st day of April in each year, nor shall any such fish be at any time taken through the ice and none of the above mentioned kinds of fish shall at any time be caught or killed which are of a less size than seven inches in length." The regulations governing prospecting for petroleum on unappropriated Dominion lands in Manitoba, the Northwest Territories and Yukon adopted in 1901 and amended by subsequent orders-in-council are adopted for lands, the surface rights of which have been disposed of. The prospect or upon entering upon such lands must obtain a lease from the owner of the surface rights of such land as the Minister of the Interior may approve of.

—The Johannesburg Star, contains an account of a Canadian banquet held in that city on Dominion day. Colonel Steele, long connected with the N.W.M.P., and who commanded the Strathcona Horse in the South African war, presided at the banquet. In proposing the toast "Canada," Col. Steele referred eloquently to the national spirit so strongly in evidence in Canada, and the deep devotion of all classes to British connection. He spoke in glowing terms of the progress of the Dominion and the determination of her sons to be one of the

foremost nations of the empire. He contradicted the impression current in some places that Canada was coquetting with the United States. No statesman would dare to publicly advocate annexation before a Canadian audience, let that audience be English or French. On the other hand Americans were coming into Canada by thousands, glad to become Canadians. Col. Steele dwelt upon the importance of Canada with its transcontinental railway, as a passageway for troops from the Motherland to the Far East. When the new transcontinental roads were completed 15,000 men per day could be carried across the Dominion and be fed on fare a good deal better than that usually allowed to Tommy Atkins. The colonel's speech was received with applause.

RAILWAY COMMISSION

FAVORS UNION TERMINALS.

Chairman Thinks C. N. R. Terms
Are Unreasonable — Interested
Parties Meet This Month

Ottawa, Aug. 24.—The National Transcontinental Commission returned today from Winnipeg, the chairman says that the Commission favors the union terminal in Winnipeg. The Canadian Northern has a splendid site, but Mr. Parent says the terms the company propose are unreasonable. There will be a meeting of all parties concerned in Ottawa, about the middle of the month to see what can be done. The commission is getting a favorable report between Quebec and Winnipeg. It is likely the central route will be selected in New Brunswick.

WEDDING BELLS

On Wednesday, August 30, at 7 o'clock a.m., a marriage was solemnized by Rev. C. H. Housie, of Edmonton, and Josephine O. Drayton, of Edmonton. None but the intimate friends were present. The bride Josephine O. Drayton is the only daughter of Mr. and Mrs. H. H. Drayton, of Edmonton.

Friedrick Crowder, the groom, is well known in the city and highly respected, and the bride one of our most respected ladies. They left this morning by train for Calgary and will shortly return and make their home in Edmonton.

The father of the bride has lived in Edmonton for 13 years and formerly lived in Nebraska, U.S.A.

MANITOBA MARKETS

From the Commercial:
Wheat—There is practically nothing doing in Manitoba wheat, although there are still nearly 2,000,000 bushels of old wheat at lake port elevators to work off. Favorable weather and prospects of early movement of new wheat and much lower prices cause eastern millers and exporters to hold off and there is no demand. A few transactions take place on the open market daily in new crop futures, but even that trade is extremely dull. Prices are therefore nominal at: 1 northern s1; 2 northern, 9c; 3 northern 80-1-2c; spot or August delivery and futures closed today at 78c, September, 98c; October, 76 5/8c; November and 75 1-2c December. All prices are in place at Port William and Port Arthur.

Oats—No. 2 white, 39@40c; No. 3, 36c; red grain, 25c, per bushel in car lots on track, Winnipeg.
Barley—No. 3, 36c per bushel; No. 4, 34c per bushel, car lots on track here.

Sunlight Soap

reduces wash day drudgery and increases your leisure time. It is an easy, quick-cleansing soap that makes your clothes pure and white without the least injury. Hard or soft water will do and you don't have to boil the clothes.

CUSHING NOMINATED IN
CALGARY

Calgary, Aug. 29.—By a unanimous vote of a large and representative convention of the Liberals of Calgary, W. R. Cushing was selected as the Liberal candidate for the approaching election for the new province of Alberta.

The names of four other prominent Liberals were placed in nomination, but all retired except Mr. Cushing.

Mr. Cushing accepted the nomination and the fight is on.

The convention was a well attended one. With a couple of exceptions all of the eighty-one delegates appointed by the mass meeting last week, were present.

Mr. Cushing, in accepting the nomination, referred to his record of 22 years in Alberta. During the last sixteen years he has been continually in public life in Calgary and had occupied practically every public position. He had never sought an office and had not asked people to vote for him.

He referred to his position as a Liberal candidate in Calgary and said that he would use every possible effort to have the permanent capital located in Calgary.

LOCAL

—Considerable difficulty is being experienced in getting waiters for the inaugural ball.

—Wetaskiwin and Banff are playing at Wetaskiwin a series of three ball games for the championship of Alberta. On Monday Wetaskiwin won 4-3; yesterday Banff won 7-1. The final game is being played today.

—A car of twine left Calgary Monday morning for Edmonton dealers. The twine has not reached the city yet and a large number of farmers who drove in today for twine are muttering maledictions on the C. P. R.

—Decorating for the celebration is proceeding today at a rapid rate. The arches along Jasper avenue are being dressed in ripened grain and showy hunting, while flags fluttering from the business houses along Jasper avenue send animation to the scene. Many of the business houses have been strung with rows of incandescent lamps and the electrical illumination promises to surpass anything yet seen west of Winnipeg.

—John Potts, D.D., of Toronto, is expected to arrive in Edmonton tomorrow evening. Dr. Potts will give the oration at the patriotic meeting to be held in McDougall church Friday evening under the auspices of Alberta College. Besides the oration there will be a number of patriotic and national songs by male voices. This meeting is open to the public generally and will be an attraction to many who will not attend the ball. Others will take in the oration before going to the latter function.

—Following were the officers chosen by the Alberta Press Association at Banff last week: Honorary president, Hon. Frank Oliver, Edmonton Bulletin; president, J. J. Young, M.L.A., The Herald; first vice president, F. F. Simpson, Cranbrook Herald; second vice president, F. G. Foster, Medicine Hat News; third vice president, J. Hamilton McDonald, Strathcona Chronicle; executive, W. Davidson, The Albertan, E. T. Saunders, Fischer Creek Echo; J. B. Cawell, Alberta Advocate, Red Deer.

—A most enjoyable evening was spent at the smoking concert given by the city to the Mounted Police last night. A large number of ex-Mounted Police, veterans and citizens were present, and the Police, headed by the commissioner and officers, turned out in full force. Alderman Griesbach made an excellent short speech, having the commissioner and mayor seated on his right. The list of toasts was a short one, comprising only the King, the Royal North West Mounted Police, to which Colonel Perry made an interesting reply, recalling the work done by the force in rendering the present memorable occasion a possible one, and the City of Edmonton, proposed by Col. Saunders and responded to by the Mayor. The remainder of the evening was given up to a splendid program of songs and recitations, mostly contributed by the members of the force and interspersed by selections rendered by an orchestra conducted by Mr. Clark. Many an old acquaintance was renewed and old memories recalled during the evening. The gathering broke up at midnight after heartily joining in the national anthem and Auto Lang Syne.

The Balance
Wheel

Look inside your watch a moment. The balance wheel is making 18,000 vibrations an hour, if it is in good condition. It will move 3,500 miles in a year and requires less than one tenth of a drop of oil to make it run. But it needs that little bit of oil. Don't take chances. Let me clean and oil and put your watch in order for a year. It will pay you and satisfy you.

The Cream Separator
that is the
Cheapest in the End.

There are some folks who are everlastingly trying to get "something for nothing." They buy a wagon at a "bargain" price because the agent says it's "just as good." And then, after a few months, when the tires and spokes have all loosened up, they curse the wagon.

Price not the only Difference.

It's the same way with cream separators. You can buy many other separators for less money than the U. S. Cream Separator sells for, but before you've finished paying for the experiment you'll find price isn't the only difference. The cheaper separators soon get out of adjustment because built of cheaper material by inferior manufacturing methods; they consume twice the necessary amount of oil; they have a bowl that will not run true, and does not skim clean. The repairs in the first few years would pay the difference for the U. S. Cream Separator.

Durability is Important.

The U. S. Cream Separator has stood the test of time. Many of them have been in use for 10 years, and cost less than a dollar for repairs. They run easy, skim cleaner than others, have a simple bowl, enclosed gears, and a convenient low supply can.

The Vermont Farm Machine Co., of Bellows Falls, Vt., have printed in a handsome booklet a few of the thousands of letters from satisfied users of the U. S. Cream Separator. This booklet will save you money when you buy a separator, and a post card will bring it to you.

To insure prompt deliveries and to save freight charges for their Canadian customers, they ship from their warehouses at Montreal, Sherbrooke, Hamilton, Winnipeg, Calgary and Vancouver, but all letters should be addressed to Bellows Falls, Vt.

BISHOP REEVES GOES EAST

Bishop Reeves, of the diocese of Mackenzie River, was in Winnipeg last week on the way east, where he will attend the meeting of the general synod of the Church of England, which convenes in Quebec city on September 6 next.

The bishop, whose diocesan house is at Athabasca Landing, arrived at Winnipeg from the Pacific Coast where he spent several days on a brief pleasure trip. Before leaving home, he made an extended trip through Peace River country, of which he speaks in very high terms. The wheat grown in that district looked particularly well, and was two weeks earlier than that grown at Edmonton. The flour ground in the mills of the country from local wheat is of a splendid quality, a thousand sacks being shipped from the flour mill at Vermilion to points farther north. Considerable development work is being done by the government in the construction of roads. One splendid highway is being built at the present time from Lesser Slave Lake to the Peace River crossing which work is being done at both ends. It is stated that a road is also to be built from Edmonton to Lesser Slave Lake by way of the Swan Hills.

The diocese of the bishop is one of the largest in the world, embracing a region 800,000 square miles in extent. One larger diocese was formed in Australia, but it is believed that this has now been subdivided. The diocese of Athabasca has in recent years been worked in connection with the diocese of Mackenzie River, constituting a district vast in extent and with possibilities of unlimited development in the future. The need of this great area is a line of railway to run through the southern portion of it, a large part of this country being well adapted to mixed farming. The far north will probably be left untouched by the railways for many years to come.

The bishop is a most noted traveller in far northern districts, very few Canadians being better acquainted with the territory of his diocese. He has made constant trips down the mighty Mackenzie river and is compelled to risk from time to time the missions of the church in the far north. He has made many trips through regions unknown to white men, accompanied by Indian guides and making trips by all means of transportation known to the far north.

The bishop is as vigorous and stalwart as ever, although his many years of service have whitened his beard, and given him a patriarchal appearance.

LOCAL

—J. Somerville sent splendid samples of potatoes, corn and beans, to be added to the Bulletin's exhibit today.

—M. J. Hagman brought some fine samples of clover, two-rowed barley and spring wheat to the Bulletin office today.

—New Ross rifles and Colts revolvers which are being supplied to the R.N.W.M.P., were distributed to the police in this district on Monday.

—The cement crossings along the north side of Jasper avenue have been completed, the barricades are being removed and the approaches leveled.

—A game of push ball and a military drill takes place at the fair grounds tonight, when a large number of spectators will doubtless be present. The game starts at 6:30.

—McDougal & Second are arranging a magnificent exhibit of raw furs, heads, etc., in their old store building. The furs include the skins of the silver fox, martin, mink, muskrat, ermine, lynx, coyote, bears, etc. The exhibit is valued at some \$20,000. The exhibit is open to the public and all will be made welcome.

—The committee in charge of accommodation have opened a bureau of information in the office of the Great West Land Co. under the charge of Mr. J. A. McLean. The committee request that any parties having rooms to rent or who can place cots in rooms will send their names to the bureau at once. Hotelkeepers who have not accommodation for any more guests will kindly send parties seeking rooms to the bureau. Phone 138.

—The friends of the Bulletin are responding readily to the request for specimens of grain and excellent samples are arriving continually. When completed the display will include everything from Duchess of Oldenburg apples to honey and from fall wheat to corn, all produced this season in this district. The display is being arranged today and contains some surprises even for residents who know the capabilities of Central Alberta.

—The ceremony of holding the new Union Jack presented to the McKay Avenue school by the Sons of England took place at eleven o'clock today and was a very interesting and inspiring ceremony. The pupils of the school, some 300, were lined up on the square in front of the school. P. C. Engel, president of the local branch S. O. E., in making the presentation made a patriotic address urging the pupils to love, honor and respect the flag. The flag was then hoisted while the scholars, teachers and spectators joined in the National Anthem. Cheers for the Union Jack and the S. O. E. concluded the ceremony.
